

“ [The School Breakfast Program] prepares students for the day in a positive way as they are happier when fed and able to learn. ”

“ Foodbank WA staff were excellent and thoroughly prepared. They delivered engaging activities and worked hard to ensure students of all abilities could participate. Their warm greetings and smiles go a long way. ”

“ There's so much information on the internet, or somebody might be thinking that they know everything in the mums group... so it's good to know you're getting accurate information from *Food Sensations* and you can go home feeling confident. ”

“ [The best part of *Food Sensations* was] teaching students real life skills and essential skills in life... I cannot speak highly enough about the program. ”
